What is OSC Study?

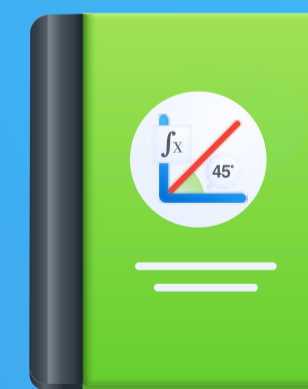

The OSC Study app is an all-in-one study solution, combining over 8,000 SMARTPREP flashcards, 3,000 Studynova tutorial videos, and 24 OSC Revision Guides across 10 IB Diploma subjects (more in development) to provide the most powerful revision resource available for the modern student and teacher.

Key features of OSC Study

Notes

Add study notes to any card, page or video.

Folders

Create folders to organise the app's content according to your needs.

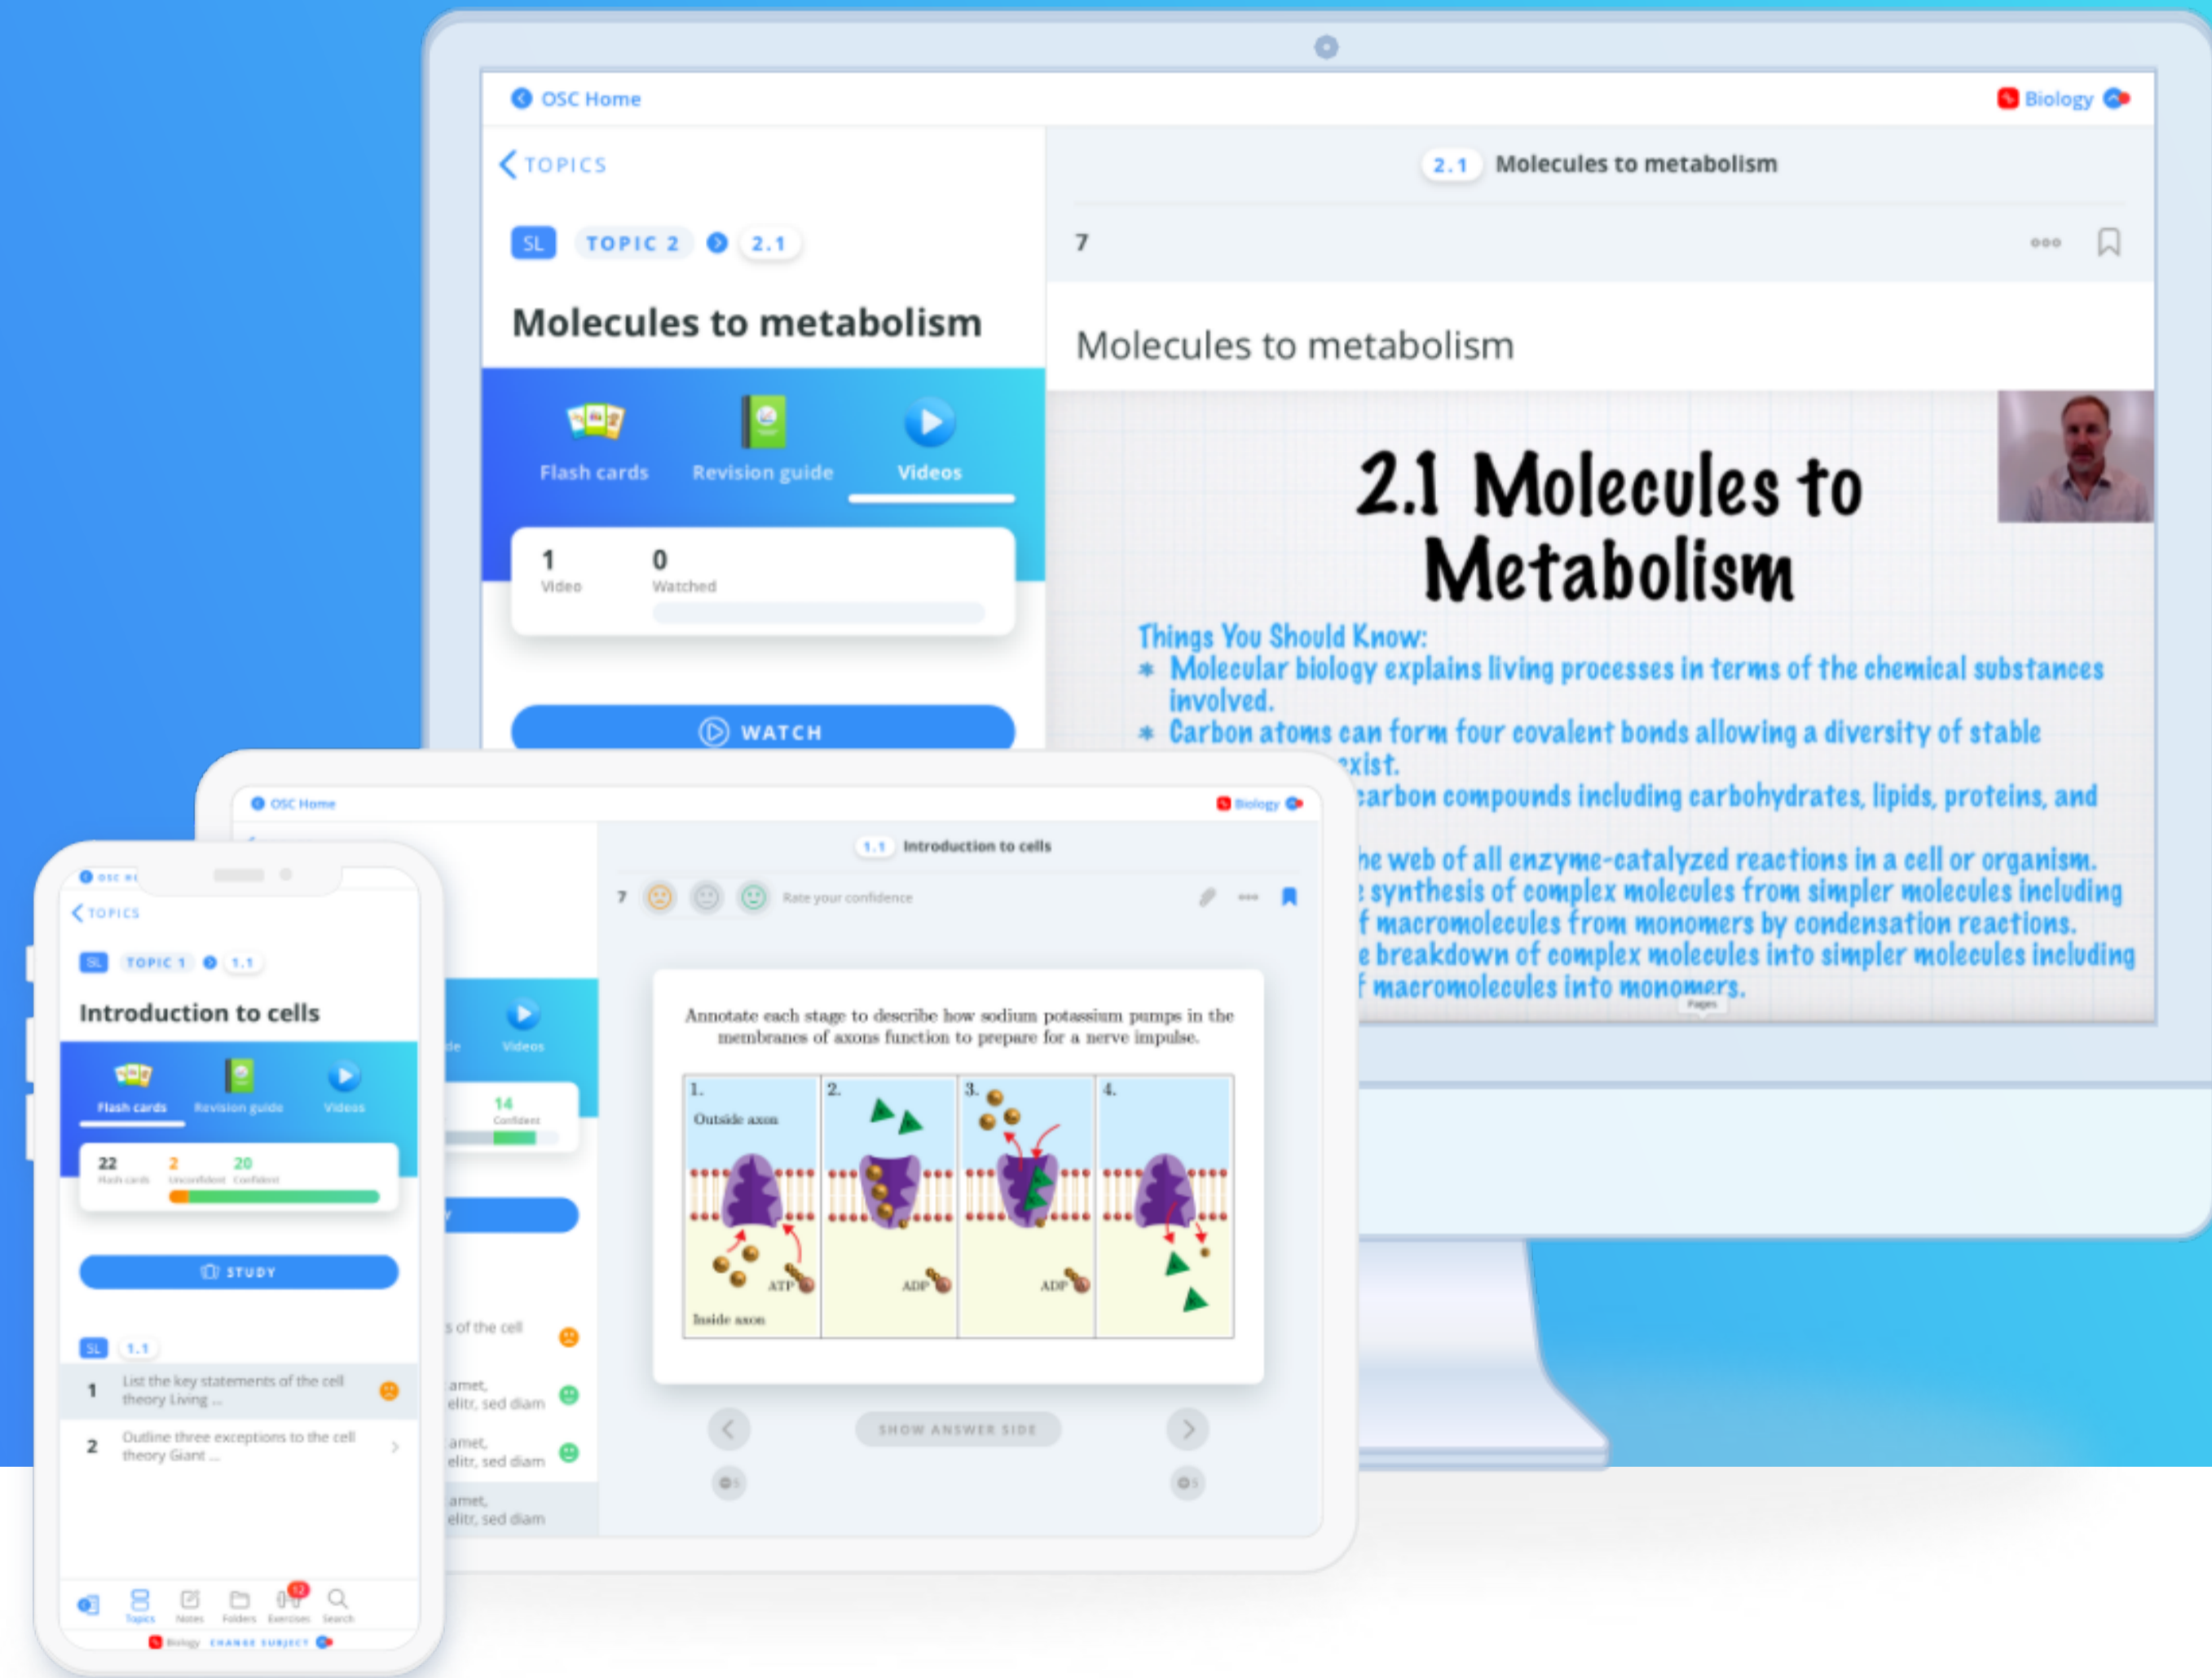

Exercises

From your **ManageBac** account, select cards relevant to your teaching and share them with students before, during and after class.

Search

Search for key terms to immediately access all content, notes, folders, and exercises from one convenient place.

 We're just a call away - 24 hours a day, Monday through Friday

10 ways to use OSC Study in class and beyond

Projecting on screen

Augment your teaching by sharing the OSC Study app on screen, adding a gaming element your digitally savvy students will love.

- 1 Reverse-study: can your students formulate flashcard questions from looking at the answers first?
- 2 Practice analysing questions and giving complete answers as a class.
- 3 Reinforce your talking points with flashcards and video visuals that focus attention.
- 4 Model the use of notes to personalise the app's content with the follow-up questions your students ask.

Pair/group work

Access the app from any device, using the school's equipment or your students' own laptops or phones.

- 5 Partner students to take turns answering questions or to respond as a pair.
- 6 Set up work stations around the class, asking students to answer a question correctly before moving on to the next one.
- 7 Have students watch a video or read a chapter and challenge them to teach it to the class.

Preparation/review

Include the app in your lesson preparation to ensure students will remember concepts long after the class is over.

- 8 Use the app's content as active summaries of your main teaching points – stress what is essential to remember.
- 9 Build OSC Exercises for whole class review. You can even add your own videos, weblinks and word files.
- 10 Encourage your students to reread class notes via the app.

What users say about OSC Study

"I found the videos and explanations very straightforward and easy-to-follow. If I didn't understand a topic or an aspect of a certain video, it was great to be able to rewind and listen to/watch it again. A wonderful source for revision!"

ANDERS J. IB Alumnus - Langkaer Gymnasium
Denmark

"You can see that the SMARTPREP authors have deep knowledge of the courses and help to prepare students thoroughly, ensuring that nothing is missed. Revision can be a social activity, independent and fun!"

MALCOLM NICOLSON Former Head of IB DP Development
The Netherlands

"I think the cards are excellent. The author has managed to conserve the conceptual nature of the new syllabus, which is great. I would certainly recommend them to my students."

PAM CARTER Former IB DP Coordinator
Malaysia

"I loved how the videos break down the subject matter very simply, making the material easy for the student to absorb. (love the jokes btw, never quit! lol) P.S. I passed physics, so THANK YOU SO MUCH."

NOORHAN ELSAYED IB Alumna - The Gulf English School
Qatar

Get started with a school-wide subscription in 3 easy steps

1

PURCHASE FULL ACCESS OR REQUEST A 7-DAY TRIAL

OPTION 1

Contact your **ManageBac** sales and support representative.

SEE CONTACT DETAILS BELOW

School licenses are exclusively available through **ManageBac**.

OPTION 2

Tell your school's **ManageBac** admin to follow the steps below:

1. Go to **Settings > Integrations**
2. Select OSC Study
3. Click on **Request Integration**

The button will now read 'Waiting for Integration'

A **ManageBac** representative will get in touch with you to verify whether you want to purchase full access or request a 7-day trial. **ManageBac** will open the integration for you.

2

ENABLE THE APP

Tell your school's **ManageBac** admin to follow the steps below:

1. Go to **Settings > Integrations**
2. Select OSC Study
3. Click on the **Enabled** checkmark

It will take around 2 hours for all data to sync

3

GET STARTED

The data sync will allow:

- all your students and teachers to access OSC Study.
- your teachers to create OSC Exercises.
